I have worked in several different

roles. Last updated: 06/2023

Legal work then transitioned into

data analysis.

MORE INFO

Current
|
2020

Senior Business Data Analyst

Tucson, AZ

📍 Intuit

- Wrangled data and created dashboards for sales analysis
- Used systems to automate data ingestion and creation
- QlikSense, Quickbase, SQL, Python

2020
|
2018

Senior Data Analyst

Tempe, AZ

📍 Elevate Services

- Built systems to automate data intake for legal bill review
- Analyzed data and prepared reports

TEACHING EXPERIENCE

I have no academic teaching experience to speak of, I am afraid. I have taught several co-workers and have led many informative meetings to teach various topics, ranging from script loops to data ingestion to dashboard usage

SELECTED DATA SCIENCE WRITING

2013

The Player-Authors Project

📍 Rutgers Law School

- Used empirical methods to study how user-generated content (UGC) related to US copyright law at the time
- Funded by National Science Foundation

Including the Player Authors Project, which I was an assistant on. DISCLAIMER - I am not the author

SELECTED PRESS (ABOUT)

2013

The Player-Authors Project

📍 Rutgers Law School

- Used empirical methods to study how user-generated content (UGC) related to US copyright law at the time
- Funded by National Science Foundation
